

# DELAWARE WORKPLACE CHARGING PLEDGE

The Delaware Workplace Charging Program's goal is to install workplace charging stations throughout Delaware. Employers can join as participants to the campaign, indicating a commitment to provide workplace electric vehicle charging access for employees. By signing the workplace charging campaign pledge, employers agree to the following terms.

Campaign Participant Responsibilities	Division of Energy and Climate Responsibilities
Provide primary contact information	Provide up to 6 rebates for charging stations (75% of the cost of the charging, up to \$5,000)
Sign pledge	Present information to employer/ employees
Install workplace charging stations	Provide technical assistance
Distribute electric vehicle information to employees	Provide education materials and giveaways to employers
Post about workplace charging on social media	Develop social media package for companies
Complete usage report every 6 months for 3 years	Place company logo/ pictures on campaign website

Workplace Charging Challenge Pledge: My organization will install electric vehicle charging stations for employee and public use at our place of employment agrees to provide semi-annual usage reports to the Delaware Division of Energy and Climate.
